**SERVICE
IS THE
DIFFERENCE.**

**We
Get
It!**

Specializing in "Hard to Find" Import & Domestic Parts

At Eastern AutoParts Warehouse, we want to inform you of recent changes that may affect pricing. Due to newly implemented tariffs, we are now seeing increased costs on many of the parts and materials we supply.

We understand that price increases are never welcome news, and we want to assure you that we are doing everything possible to minimize the impact.

Where feasible, we are working to absorb these added costs rather than passing them on immediately.

As always, our commitment remains to provide you with exceptional service and competitive pricing. Your satisfaction is our highest priority, and we truly appreciate your continued trust and partnership.

Thank you for choosing Eastern. We look forward to continuing to serve you.

Shawn Senior, President

5000 ADVANCED BRAKE PADS

- **Excellent Quality:** DFC Brakes are engineered to meet or exceed OEM standards, ensuring top-notch performance and safety for your vehicle.
- **Enhanced Stopping Power:** Experience smoother, more responsive braking with DFC's **advanced pad technology** by providing the appropriate friction for each axle of every vehicle.
- **Easy Installation:** Designed for hassle-free installation, with included hardware, these brake pads are perfect for the professional installer.

Purchase **DFC 5000 Brake Pads** in April and be entered to win **one of 100 \$100 VISA Gift Cards!**

Power
for the road ahead.

DEKA ULTIMATE, GOLD, AND STANDARD

STARTING AT \$79.95!

- Premium starting and reserve power
- Fortified posts, straps, and welds resist vibration
- Flush cover, maintenance-free design enhances overall battery performance, safety, and convenience
- OE QUALITY- Power Ratings & Venting Systems comply with strict OE requirements

VARIABLE VALVE TIMING

Standard's VVT Sprockets help **maximize horsepower and torque curves** while reducing emissions and improving vehicle efficiency. Standard's **VVT Sprockets** meet tight dimensional tolerances to improve internal sealing, minimize oil drain back and reduce frequency of PCM correction.

Standard's VVT Solenoids are built with **hardened steel components** to limit sticking during sludge buildup. Premium O-Rings and gaskets properly maintain oil pressure and prevent premature leaks. Each VVT Solenoids undergoes stringent quality control measures and end-of-line testing.

Over **1500** New Part Numbers in Stock!

ÜRO Parts Intake Manifolds are precisely manufactured to OE manifold dimensions for easy installation. Durable high-quality materials are corrosion-resistant and withstand oil vapor and intense engine heat.

ÜRO Parts Valve Covers are manufactured with durable high-quality metal or plastic materials. These materials are corrosion-resistant and withstands oil vapor and intense engine heat.

ÜRO Parts Steering Knuckles are precision-molded to OE steering knuckle dimensions to ensure compatibility. Quality materials resist heat cycles and pothole damage!

- ❖ Easy, hassle-free installation!
- ❖ No special tools or press required!
- ❖ Direct replacement to ensure proper fitment.
- ❖ Over 126 SKUs!
- ❖ Covering over 28 MIL VIO!

MEVOTECH PREMIUM CONTROL ARMS

Mevotech Control Arms resist a multitude of loading forces, such as acceleration/braking, cornering while turning and the suspended weight of the vehicle body. They also have the additional function of maintaining dynamic wheel alignment. This reduces transmitted noise, road shock and vibration while providing resistance to unwanted suspension movement!

- ✓ Engineered using the same materials and processes as O.E.
- ✓ Built to meet or exceed O.E specifications
- ✓ Greaseable fittings
- ✓ Hardware included
