MotoRad®

Thermostats, Fuel Caps, Oil Caps & Integrated
Thermostat Housings

*MotoRad Thermostats feature a jiggle valve
& flange to ensure proper seating and
proper air bleeding.*

FAIL-SAFE THERMOSTAT

FAIL-SAFE® in the
Locked Open Position

*MotoRad fail-safe thermostats are
designed to help protect your
engine when overheating occurs.
Based on premium, patented
technology, they offer superior
protection to any other thermostat
on the market!*

PERFECTSTOP™ Brake Pads

*Perfect Stop® comprehensive friction solution
with Exact Spec® multilayer shim restores every
vehicle to its optimal braking performance and
ensures the quietest braking operation.*

EXACT

BOSCH

- Exact Spec Multi-layer shims
- Hardware for 99% of vehicles in operation
- Advance Transfer layer technology for optimal braking performance
- Engineered and made in North America!

FREE \$100 Snap-On Tools Gift Card Giveaway! Purchase MotoRad Products or Gates Belts and Hoses in the month of August to be entered to win one of **10** Snap-On Tools Gift Card!

BOSCH Engine Management

Bosch Engine Management Systems are Backed by
the **BOSCH** Limited Lifetime Warranty!

Crankshaft Position Sensors provide accurate detection of the engine speed: the engine speed is the main control variable for the ignition timing.

Throttle Bodies are manufactured on OE production lines with best-in-class quality. Contains an actuator, a throttle plate and a throttle position sensor which are integrated into one housing.

All Bosch Ignition Coils are built to achieve or exceed OE specifications and are known industry-wide for their reliability and performance. Bosch ignition coils convert low voltage into high ignition system voltage, creating an electric spark sent to the spark plugs which ignites the fuel.

Gates® Belts & Hoses

PROTECT THE RIDE Complete System Repairs Extends the Life of your Ride

Gates engineers OE quality and OE equivalent engine hoses for virtually every vehicle year, make and model.

Micro-V® belts are produced to OE quality standards, fitting any vehicle on the road today. Gates innovative EPDM Micro-V® belts are trusted by countless automotive technicians due to their quiet performance, wear-resistant construction, and tightest tolerances in the industry!

ENGINE MANAGEMENT

Standard Motor Products manufactures a full-line of engine management products including Ignition and Emission parts & EVAP Components.

Blue Streak Import Ignition Coils are manufactured at Standard's most advanced facility. Blue Streak® coils outperform the OE, producing more spark energy and longer lasting discharge for improved vehicle performance, fuel economy, and emissions.

To prevent environmentally harmful leaks, Standard® and Intermotor® offer an expansive line of high-quality EVAP System components, including canister vent solenoids.

STARTERS & ALTERNATORS

MPA Starters & Alternators are manufactured with Lead Free brushes that provide an environmentally safe solution for unmatched durability, performance and reliability.

MPA Starters have Aerospace-Quality Lubricants to ensure consistent cranking with every start! MPA Alternators have Pressure-Fit High-Capacity Diodes, that provide improved heat dissipation and a longer service life!

MPA provides a complimentary Roadside Assistance Protection Program with every Starter & Alternator unit! Install with confidence and know your customer is protected!

Deka Batteries

Manufactured in Pennsylvania!

- OE QUALITY- Power Ratings & Venting Systems comply with strict OE requirements
- Maintenance Free- Flush Top Design eliminates corrosion to the battery terminals
- Full-Frame Grids withstand severe service demands & prevent electrical shorts
- Advanced engineering equates to quick cranking & longer life

IN-PERSON TECHNICIAN TRAINING!

We are excited to announce our upcoming in-person training clinics this fall! We are going to be hosting one topic in September, Vehicle Communications Diagnosis class, hosted by Standard Motor Products, one topic in October, Evaporative Emissions Diagnostics class, hosted by DRIV! Scan the QR code to see the locations of our upcoming clinics and register with your OSS today!

ICE CREAM DAYS ARE HERE!

Coming soon to a location near you! Ask your EAPW sales rep for details!

PROMAX AGM Batteries

Promax Batteries are engineered for excellent charge acceptance and provide peak power for vehicles with start/stop systems, regenerative braking and support the highest electrical demands of newer vehicles.

- ✓ Promax satisfies the highest starting and power supply standards even in extreme hot and cold climates.
- ✓ Batteries are manufactured to European Standards.

HELLA PAGID PROMO

Purchase \$500 in Hella Pagid Brake Parts and win a Wall Clock for your Shop!
