**SERVICE
IS THE
DIFFERENCE.**

**We
Get
It!**

Specializing in "Hard to Find" Import & Domestic Parts

To our valued customer partners:

First and foremost, we want to express gratitude to each of our 6,000 customers for your trust and continued partnership throughout the past year. Your dedication to providing top-notch repair and maintenance services has made our collaboration a truly rewarding experience. In 2023, our industry has embraced new technologies, and consumer pricing demands are more prevalent than ever. We work hard every day to bring you new products at lower prices. Our success is intertwined with yours. We are excited and committed to continuing our partnership in the new year.

- **Quality and Reliability:** We are committed to earning and keeping your trust by offering the highest quality parts, sourced from reputable manufacturers, and at the right price. We will not offer you products that we do not have trust and confidence in.
- **Service is the Difference. We get it!** This is not just a catchy tagline – we work hard at this every single day. It is not easy. Consistent delivery and the best parts people in the business are just some of the tools at your disposal.
- **MyPlaceForParts:** In 2023, we introduced MyPlaceForParts V3, an updated look and feel packed with new features, allowing you to look up and order parts faster and help make you more efficient.

Wishing you and your team a prosperous and fulfilling 2024. *Shawn Senior, President & Steve Thorne, CEO*

POWERSTOP®

Better Braking - Thermal scorched for a faster break-in process. Also chamfered and slotted to ensure noise-free braking.

Stopping Power – Severe-duty stopping power designed for trucks & 4x4s.

NEXT GEN

Next Gen Brake Pads are a super-premium friction offering for luxury and performance passenger cars.

SHOCKS & STRUTS

MacPherson shocks have a premium, OE-grade seal that provides long, dependable performance, even under extreme temperature conditions. Designed to reduce the magnitude of vibratory motions due to various road imperfections to provide a smooth, comfortable ride. Built with the technician in mind for easy installation

MacPherson struts offer premium quality at value pricing. Engineered based on OE designs. Endurance tested to ensure optimal performance and long life. Precise OE technology, design, and hardware. Each assembly contains 100% new components including new springs, struts, mounts & hardware. Restores vehicle to ride "as good as new!"

OIL FILTERS

CONVENTIONAL OIL FILTERS ARE ENGINEERED FOR:

- Optimal filter choice for both conventional and synthetic blend oil applications.
- Provides 93% multi-pass efficiency at 25 microns. Suitable for oil change intervals of up-to 5,000 miles.

EXTENDED LIFE OIL FILTERS ARE ENGINEERED FOR:

- Premium Guard Extended Life oil filters provide optimal engine performance and longevity, as well as enhanced fuel economy.
- Synthetic resin media utilization offers up to 10,000 miles of engine protection with 99% efficiency over the life of the filter.

SUNSONG Power Steering & Brake Hoses

Sunsong hoses are rated up to -40°F for superior cold-weather performance!

POWER STEERING

Sunsong power steering hoses provide clips that attach to the body & help maintain separation of tubes, feature a finned cooler design to prevent overheating, and have rubber bumpers to limit vibration & abrasion

BRAKE HOSES

Sunsong brake hoses feature a double-sided silencer! Over 60% of pressure brake hoses use a silencer to control noise. Power steering pumps create fluid pressure in pulses, resulting in fluid flow pressure ripples.
