TrakMotive®

PREMIUM CV AXLES

Premium. Precision. Trusted.

TrakMotive New Premium CV Axles are manufactured and engineered to the highest quality standards in the industry, ensuring they meet or exceed OEM manufacturers specifications in fit, form and function.

- 1 Precise ABS Compatibility – Assembled with the correct ABS ring to ensure accurate fit and proper function.
- 2 Durable Dust Protection – Premium neoprene boots offer superior flexibility and long-lasting performance.
- 3 Enhanced Core Strength – Heat-treated, precision-machined solid steel shafts improve performance and durability.

IGNITION COILS

- UMP uses virgin copper for the coil windings. There is no recycled copper as used in inferior quality brands.
- Hard magnets are used to maintain the consistent polarity needed to ensure continuity of voltage flow from the primary through the secondary side of the coil.

WATER & FUEL PUMPS

Why Install US Motor Works Fuel Pumps?

- **Ethanol-Proof Fuel Sensors:** Built with **palladium silver alloy** level sensors to resist corrosion from modern fuel blends.
- Features thicker electrical connector pins and premium **insulated wires** to prevent harness overheating and voltage drops.
- Advanced dual-strainer filtration systems block the debris that kills lesser aftermarket pumps.

The Technician’s Advantage

- **Complete Drop-In Solutions:** Modules include all necessary gaskets, O-rings, and upgraded pigtail harnesses for a seamless, hassle-free installation.
- **Full Application Coverage:** Available for standard EFI and high-pressure GDI applications.

Why Install US Motor Works Water Pumps?

- **Industry-Leading Metal Impellers:** Replaces weak factory plastic impellers with highly durable metal designs. They won't crack, warp, or deform under extreme temperatures and high RPMs.
- **Leak-Free Unitized Seals:** Equipped with premium, heavy-duty unitized mechanical seals to eliminate coolant weeping and protect the bearing assembly.
- **Precision CNC-Machined Surfaces:** Castings are CNC-machined to exact tolerances, ensuring flat mating surfaces, perfect bolt-hole alignment, and a leak-free seal on the first try.

The Technician’s Advantage

- **Everything in the Box:** Supplied with premium-grade mounting gaskets and all necessary O-rings/accessories required to finish the job right.

PERFECTSTOP

Brake Pads

Improved for “No Come Backs!” PerfectStop® comprehensive friction solution with Exact Spec® multilayer shim restores every vehicle to its optimal braking performance and ensures the quietest braking operation.

THIS SUMMER...YOU COULD WIN A \$15,000 POWERSPORTS VEHICLE OF YOUR CHOICE!

Purchase Perfect Stop® products through MYPLACE4PARTS to earn an automatic entry!

5000 ADVANCED BRAKE PADS

- **Excellent Quality:** DFC Brakes are engineered to meet or exceed OEM standards, ensuring top-notch performance and safety for your vehicle.
- **Enhanced Stopping Power:** Experience smoother, more responsive braking with DFC's advanced pad technology by providing the appropriate friction for each axle of every vehicle.
- **Easy Installation:** Designed for hassle-free installation, with included hardware, these brake pads are perfect for the professional installer.
