## **BANDO BELTS**

**Bando Belts are the #1 OEM supplier of Serpentine Belts in North America! Stocked in All Locations!**

- Superior belt life and trouble-free operation!
- Enhances noise reduction for "Run Quiet" operation.
- Creates noise reduction from backside pulleys/idlers and improves belt life!
- Precise pulley mating for better belt performance!
- Supports consistent belt tracking that reduces wear on belt.
- OE measured length for precise application and better belt life!

## **WALKER EXHAUST**

The only broad market muffler with 100% stainless steel - Stainless steel construction delivers longer life expectancy for durability versus aluminized mufflers. Built to last with durable OE-style single-shell body to provide a longer service life.

Easy to install - Bolt-on replacement solution with OE-style hangers, brackets, routings, and heat shields for easy installation and doesn't require fabrication or welding.

Walker Tailpipes are manufactured with precision benders for easy installation and are made with aluminized steel for durability. These units are designed to perform and fit like OE!

## Compressors & A/C Components

**Compressors** — Pre-Filled with the correct amount of oil specified for the vehicle's system.

**Accumulator** - Equipped with a protective case, that includes mounts to protect the accumulator from the heat of the engine bay.

**Blower Motor** - Durability test provided on every new design to endure OE fit, form, and function.

## MacPherson HUBS

*MacPherson Hub Assemblies are designed, manufactured and tested to exceed the quality and performance your customer's demand!*

### High-Carbon Steel

Enhanced steel alloys provide improved load bearing capabilities and durability

### Premium Seals

Improved stainless steel seals protect bearings and internal components from contamination

### ABS Sensors

Improved ABS harness shielding increases strength and resistance to thermal fatigue

### Wheel Studs

New, premium grade mounting hardware ensures a complete repair and safe operation

## NEW BBP BETTER BRAKE PARTS BRAKE HARDWARE KITS

- ✓ **Quality, Precision, and Reliability** in Every Component!
- ✓ Over **700** Part Numbers in Stock!
- ✓ **OE Quality – Using Stainless Steel Clips in Every Kit!**
- ✓ In-House Design and Engineering Components are designed with strict **OE Form, Fit, and Function.**
- ✓ Components are **Quality Tested** for **Dimensional & Material Integrity.**

## CHASSIS

**Idle Arms**

**Bushings**

**Ball Joints**

**Control Arms**

- **Comprehensive** steering, suspension and wide control arm assembly coverage for all popular makes and models.
- **Exclusive** MacPherson Ride Chassis parts with upgraded designs.
- **Exceptional** value and easier installation which delivers reliable performance!
- **Hardware** included for a quick and easy install!
- **Over 500 New Part Numbers in Inventory!**

## PERFECTSTOP ROTORS

*PerfectStop Rotors are Engineered to match OE fit, form, and function to the specifications originally designed for the vehicle! PerfectStop Rotors meet or exceed the industry's strictest safety, performance & physical standards*

- PerfectStop Rotors are Engineered to match OE fit, form, and function to the specifications originally designed for the vehicle!
