Deka Batteries

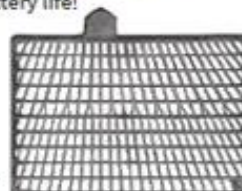

Polyethylene Separators

- Prevents plates from touching
- Reduces battery failure caused by internal shorts
- Deep Pocket Envelopes Separators - Protects the plates from shorts extending battery life!

Grids

- Computer-Aided Manufacturing - Consistency & Quality
- Full Frame Positive and Negative Grids - Directs all available cranking power to the terminals. Assures more cranking amps than competitors!

Purchase Anchor Motor Mounts & Deka Batteries through

and be entered to win one of **50 \$25**

Gift Cards!

Oil Filters

Parts Master Oil Filters are manufactured with only the highest quality components and offer exceptional performance. All Parts Master Oil Filters are made alongside the world's leading original equipment manufacturer's filters. This ensures the most stringent filter quality requirements are met for maximum protection in today's demanding engines.

Parts Master Oil Filters meet or exceed original equipment requirements for fit, function, and performance!

PAGID BRAKE SYSTEMS

BRAKE PADS

Tested on the roads under real conditions. OE Expertise to trust you will always stop safely!

ROTORS

Designed to match perfectly with Pagid Brake System Pad!
Deliver Maximum Performance!

WEAR SENSORS

Injected with a molding process to withstand harsh conditions.
High Resistant to Heat & Thermal Insulation!

Brake Pad Key Points: Chamfers designed to avoid vibration and smooth the bedding in process. Specifically engineered shims for each application to reduce vibration and noise!
