WALKER CATALYTIC CONVERTERS

Direct-Fit Designs
Bolt-on replacement solution with OE-style hangers, brackets, routings and heat shields for easy installation and does not require fabrication or welding

Keeps Check Engine Light Off for Emissions Codes
OE-style high-technology washcoat and optimal precious metal load delivers required reduction in tailpipe emissions to match vehicle application

Improved Durability and Enhanced Performance
Walker utilizes OE-grade components and air-gap pipe, vibration decouplers and flex tube sections

Did you know Bosch invented the O2 sensor? Bosch's Premium Oxygen Sensors are thimble and planar switching sensors that are designed to meet or exceed OE specifications.

Ignoring a faulty oxygen sensor could cause increased fuel consumption and higher emissions output. Replace a failing O2 sensor with a new NTK sensor.

The Denso oxygen sensor catalog offers one of the most complete product lines in the industry!

Posi-Quiet Ceramic, Semi-Metallic, & Extended Wear Brake Pads

Did you know when it comes to brake jobs, the leading causes of customer returns are noise and vibration? Centric Parts is constantly refining its Posi-Quiet Brake Pads to eliminate these issues!

Non-High Carbon Coated Rotors

PerfectStop Technology produces a superior performance rotor to any other regular replacement rotor!

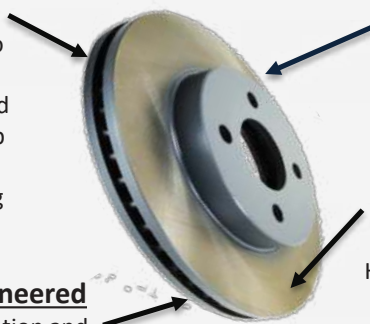

Strictly complying with TS16949, QS9000 and ISO9001, a high level of quality control.

Gray Armor-Plate™ Coating
Coating is applied to the hat, outside the edge of the rotor and sprayed into the gap between the plates covering the cooling vanes

High Quality Materials
Prevents Fading and Thermal Cracking

Cross-cut™ Surface Finish
Premium, non-directional "Cross Hatch" surface finish for improved pad seating and break-in

Precision Engineered
For reduced vibration and superior stopping power

Certified Service Centers

The All-in-One Success Platform empowers auto repair shop owners with advanced business intelligence. It is powered by an integrated suite of business marketing solutions, bundled with a custom-built website that is optimized to make the phone ring.

Software is built specifically for the automotive aftermarket industry
